Family Owned Distillery Showcases the Depth of Rum & Agave Spirits

Tailwinds Distilling Company was founded by brother entrepreneurs Toby and Jamey Beall with the shared vision of creating a company with a focus around Rum & Blue Agave Spirits (Tequila). Tailwinds began production runs in the summer of 2012. The brothers tapped their years of travel experiences through South America, Mexico, and Caribbean islands as Commercial Pilots exploring the local fare of each destination and bringing these exotic flavors home to Tailwinds. The Companies name, logo and marketing are a direct reflection of the Beall families' rich aviation history and bring production of North America and the United States first distilled spirits back to American soil. Since its introduction in 2012 Tailwinds Taildragger brand of Rum has become a multiple world award winner in Domestic and International Competitions. Tailwinds 100% Blue Agave Spirit has won the hearts of local Chicago based restaurateurs and Tequila fans nationwide.

Expansion & Growth

Tailwinds was named one of the “Top 5 Distilleries to Watch in 2014” by Inc. Magazine and one of the “V.I.P.s of Rum” by Tasting Panel Magazine.

Expansion of Tailwinds distribution channels has their spirits now becoming available in; Indiana, Wisconsin, and Michigan by the end of spring of this year. The Tailwinds team is also in talks with several network production companies for a TV show that will follow the brothers as they travel around the world to bring exotic flavors and cultural influence of each destination back home to their distillery. The rapid growing popularity of Tailwinds products will also force growth inside of the Tailwinds Distillery itself with a full service tasting (Tiki Bar) opens which allows patrons to sample the exotic flavors of the company’s spirits in many variations of island and classic cocktails.
